Acibadem University Laboratory Animal Application and Research Center

Invitation letter from Course President

Dear Colleagues,

On behalf of the Executive Committee of Turkish Urology and Endourology Associations and Acibadem University Laboratory Animal Application and Research Center and all members the organizing committee, it is our pleasure to introduce the 29th International Applied Laparoscopic Urology Course, which will be held in İstanbul, Turkey between 13 and 14 February, 2015.

The purpose of this course is to exchange and share up to date Developments in Laparoscopic Urology training. ESU/ESUT training research board has developed and validated a comprehensive program of education and assessment of the basic fundamentals of laparoscopic surgery namely E-BLUS. This basic laparoscopic training program is including a theoretical and practical exam which will be certified by the EAU. The advanced course is based on the ESUT advanced laparoscopy training program which has been developed by the ESUT laparoscopy training group experts.

We are aim to share our experience and knowledge on various aspects of the laparoscopy training with our colleagues and participants and looking forward to welcome you in Applied Laparoscopic Urology Course in a wonderful transcontinental historical city.
