AUA-EURASIAN UROLOGY PLATFORM JOINT MEETING PROGRAM

15:00-18:30, May 4, 2013 Saturday

San Diego Convention Center, Room 10

May 4, 2013 Saturday

AUA-Eurasian Urology Platform Joint Meeting Program

14:55-15:00 Opening Remarks:

A. Kadioglu

Endourology Session

Chairman: *R. B. Khaul, D. Balbay*

15:00-15:10 The Future of Endourology

G. M. Preminger

15:10-15:20 The Future of Laparoscopic Urologic Surgery

L. R. Kavoussi

15:20-15:30 Transition from Laparoscopic Surgery to Robotic Surgery

B. Turna

15:30-16:00 Endourology and Laparoscopic Urologic Surgery: Case Discussions

Moderator: *G. M. Preminger, L. R. Kavoussi*

Panelists: *M. Aron, R. J. Stein, B. Turna*

Andrology Session

Chairman: *MA S. Gilani, A. Usupbaev*

16:00-16:30 Male Pelvic Health-State of Art

K. T. Mcvary

Incontinence Session

Chairman: *B. Semerci*

16:30-17:00 Management of challenging cases in patients with lower urinary tract symptoms

Moderator: *R. A. Onur, U. Gur*

Panelists: *G. E. Lemack, K. C. Kobashi, S. P. Vasavada*

AUA-Turkish Association of Urology- Poster Session

Chairman: *S. Çayan*

17:00-18:30 Moderated Poster Session

May 4, 2013 Saturday

AUA-Turkish Association of Urology- Poster Session Program

Moderated Poster Session 1

17:00-18:30

Moderators: S. Çayan

- 1-1 OPN gene polymorphism (Ala250) and lower serum OPN levels are associated with urolithiasis
Volkan Tugcu, Abdulmuttalip Simsek, Tugba Tarhan, Fatmahan Atalar, Alper Bitkin, Ali Tasci, Ali Kural, Tuncay Altug
- 1-2 Retroperitoneal Laparoendoscopic Single-Site Ureterolithotomy versus Conventional Laparoscopic Ureterolithotomy
Volkan Tugcu, Abdulmuttalip Simsek, Taner Kargi, Hakan Polat, Bekir Aras, Ali Ihsan Tasci
- 1-3 Change in the urinary bladder shape with increasing age effects the urinary flow rate in men
Yusuf Ziya Atesci, Özgü Aydogdu, Ayhan Karaköse, Utku Senturk
- 1-4 Does the clinical T stage greater than T1a in renal tumors affect the nephron sparing advantage of laparoscopic partial nephrectomy? The results of a comparative analysis with intermediate term follow-up
Selcuk Erdem, Tzevat Tefik, Abubekir Boyuk, Tayfun Oktar, Murat Tunc, Ismet Nane, Oner Sanli
- 1-5 The comparative analysis of the effects of renal hilar clamping and off-clamping on intermediate term renal functions in laparoscopic partial nephrectomy
Selcuk Erdem, Tzevat Tefik, Abubekir Boyuk, Tayfun Oktar, Taner Kocak, Murat Tunc, Oner Sanli
- 1-6 Turkish Validation of International Consultation on Incontinence Questionnaire-Pediatric Lower Urinary Tract Symptoms (ICIQ-CLUTS) and its association with the type of the voiding dysfunction
Mesrur Selcuk Silay, Nilufer Goknar, Huseyin Kilincaslan, Tolga Akman, Muzaffer Akcay, Abdulkadir Tepeler, Mehmet Kucukkoc, Omer Uysal, Faruk Oktem, Abdullah Armagan

May 4, 2013 Saturday

AUA-Turkish Association of Urology- Poster Session Program

- 1-7 Inadequate proximal testicular mobilization as the primary cause for failed orchiopexy and outcome with re-do orchiopexy
Sinasi Yavuz Onol, Fatih Elbir, Mehmet Remzi Erdem, Mesrur Selcuk Silay, Muzaffer Akcay
- 1-8 Results of the Retrograde Extraperitoneal Radical Cystectomy and Extended Retroperitoneal Lymphadenectomy
Sinasi Yavuz Onol, Abdullah Armagan, Tolga Akman, Muzaffer Akçay, Sina Kardas, Mehmet Remzi Erdem
- 1-9 Behcet's Disease, the disease of Silk Road, may increase the risk of endothelial dysfunction and erectile dysfunction in young adult men. Preliminary reports of a prospective study
Selcuk Erdem, Yasemin Erdem, Mehmet Barburolu, Fahrettin Oz, Erkingul Shugaiv, Artur Salmaslioglu, Huseyin Oflaz, Afet Akdag Kose, Ates Kadioglu
- 1-10 The patient age and postoperative creatinine decrease may predict denovo onset chronic kidney disease during intermediate term follow-up after laparoscopic partial nephrectomy
Selcuk Erdem, Tzevat Tefik, Abubekir Boyuk, Tayfun Oktar, Murat Tunc, Nejdet Aras, Oner Sanli
- 1-11 Ultramini Percutaneous Nephrolithotripsy for the Treatment of Small - Medium Size Kidney Stones
Remzi Saglam, Zafer Tokatli, Yıldırım Yılmaz, Ege Can Şerefoğlu
- 1-12 Robotic flexible ureterorenoscopy in supine position with the combination of mini percutaneous nephrolithotripsy for the treatment of multilocated urinary stones
Remzi Saglam, Zafer Tokatli, Yıldırım Yılmaz, Ege Can Şerefoğlu
- 17:00-17:10 Installation of posters in session room
- 17:10-17:30 20 minutes for poster view time before presentations
- 17:30-18:30 Moderated Poster Session
- 3-minute presentation given by each author and 2 minute moderated discussion.
(12 posters)
